## Rights

Bold Monday reserves all rights to intellectual property contained within. Rights written, common law rights, unwritten and the possible evolution of future rights yet to be invented and/or rights for uses in yet to be invented technologies are all reserved by Bold Monday. Upon purchase Bold Monday grants UGent a non-exclusive license to use The Font Software within the terms, conditions and restrictions of this agreement.

- 1.1 This license grants UGent, for an indefinite period of time, the rights to installation and use of The Font Software by all of UGent’s employees, independent of geographical location, provided that use of The Font Software is for the purposes of UGent.

- 1.2 This license additionally grants UGent, for an indefinite period of time, the rights to installation and use of The Font Software by third parties, independent of geographical location, provided that use of The Font Software is for the purposes of the UGent.
- 2.1 This license is a multi-user license based on 9000 units. If the number of users who use The Font Software exceeds that amount, then UGent must request an appropriate license covering all users from Bold Monday. To cover extra users there is no need to purchase a whole new license. The cost will be the difference between the current license and the new one required.
- 2.2 Each user may install and use one copy of The Font Software on up to two computers for their sole use, provided only one computer is in use at any given time. This includes home and work, or a laptop and desktop.
3. Except as permitted herein, UGent may not rename, modify, adapt, translate, reverse engineer, decompile, disassemble, alter or otherwise copy The Font Software.
4. UGent is permitted to make The Font Software available for electronic distribution within the UGent organisation, provided that UGent retains exclusive custody and control over The Font Software's data, and that access to The Font Software's data is sufficiently shielded from non-legitimate users.

6. Embedding of The Font Software into documents, apps or internet pages is permitted, provided that sufficient measurements will be taken to protect The Font Software's data. For example:
  - Embedding in documents (i.e. pdf) preferably as “read-only” embedding, and with font subsetting enabled;
  - Embedding in apps preferably as encrypted data;
  - Fonts for purposes in webpages (“webfonts”) preferably as base64 encoded data URI.
7. Bold Monday has the right to terminate this license immediately if UGent fails to comply with any term of this agreement. The termination of this agreement shall automatically terminate and extinguish the licenses granted herein. Upon any such termination, UGent shall immediately destroy the original and all copies of The Font Software in its possession and UGent shall have no further right to use The Font Software pursuant to this agreement.
8. Bold Monday makes no warranties, express or implied as to merchantability, fitness for a particular purpose, or otherwise. Without limiting the foregoing, Bold Monday shall in no event be liable to the licensed user or any other third party for any direct, indirect, consequential, or incidental damages, including damages from loss of business profits, business interruption, loss of business information, arising out of the use or inability to use the product even if notified in advance. Under no circumstances shall Bold Monday's liability exceed the replacement cost of the software.

9. This license and the entire legal relationship between UGent and Bold Monday are governed exclusively by the laws of the Netherlands.  
Disputes will be brought exclusively before the District Court in Amsterdam. Every difference of opinion and dispute shall however firstly be reasonably discussed between the parties, by way of mediation or otherwise, in order to reach an amicable solution.
